

Who we are

AspectUs LLC is a company that prides itself on quality service. With over 20 years of hands-on experience in many machining environments, specializing in Contract CNC Programming Services with Camworks & CAD design in Solidworks for the Aerospace industry, Medical Industry, Defense Industry and more. AspectUs is committed to helping companies create more effective processes through attention to detail, efficiency, and waste reduction.

CORE COMPETENCIES

Aspectus provides safe and effective CNC programs for machine tools. Aspectus is proficient in the use of CAD/CAM software providing the following services.

CNC Programming and Design:

Camworks:

- 2.5 axis milling
- 3 Axis milling
- 5 Axis Milling
- 2 Axis Turning
- Multi-Axis and Mill/Turn
- High Efficiency Milling (H.E.M)

Camlink:

- 2 Axis turning with live tools in Mazatrol Native language

Solidworks

- Creation of Parts, Assemblies Drawings

DIFFERENTIATORS

Truly Customer Focused adapting to the customer's specific manufacturing environment and needs.

Providing customer specific data files to aid the execution of the process programs for the machine tools.

- Set up drawings
- Tool sheets

Tech Support

- Online Meetings with GoToMeeting
- Phone support for on-site operator of the machine
- On-site support when needed.

Secure file sharing

Providing bank level encryption and security with password protected shared client folder for team collaboration and file transfers on projects with Citrix Sharefile.
